- Annual Pancake Day set for December 19th. Volunteers needed to help make pancakes etc. and hand out to students.
- Popcorn day will no longer be once a month (formally made by the Salmar). Last year the cost was donated by Syme Structural Engineering Ltd. With costs increasing, it is a big portion of our funds that are raised to pay for essentially a treat and therefore could be used towards bigger field trips in the year. PAC will go back to looking at using our small machine and using current supplies to make it for special occasions ie: Holidays, last day before holiday breaks. Miranda to

ask Brad Demille if their store popcorn machine is being used and if SAW could potentially borrow it as it is larger than our current machine.

Next PAC meeting to be held October 22nd at 2:30pm in the library.

All welcome!!
